St. Louis & Suburban Radio Club, Inc.

The St. Louis and Suburban Radio Club, Inc., (SLSRC) is both a Federal 501(C)3 Non-Profit Corporation and Missouri State Non-Profit Corporation. Suburban was formed on April 10, 1947 and became a General, Not for Profit Corporation on December 28, 1954.

The Officers and Board of SLSRC continue to look forward toward new vistas as Amateur Radio does what it has always done ... forge ahead on the cutting edge of communications and technology, and experimentation with new modes and new frequencies as they are licensed to US Amateurs.

The St. Louis and Suburban Radio Club, Inc., is a full service, ARRL affiliated Amateur Radio Club and an ARRL Special Service Club. SLSRC membership is open to any licensed amateur. SLSRC dues are \$25.00 per year per household. The dues covers all licensed amateurs who live permanently as part of the household. If this sounds a little like you, maybe you should consider joining us and become a SLSRC member.
